Workshop for Families

On the 16th of November, Manawanui is running an exciting workshop for families. This workshop will explore how families can bring people together to develop a range of family-governed initiatives, including micro-boards, intentional networks and family-governed collectives. For more information about this workshop and to register, please visit <http://www.incharge.org.nz/securing-future-crafting-good-life-workshop/>

Sending E-mails to Payroll

A quick reminder that all payroll-related correspondence should be sent to payroll@incharge.org.nz rather than individual email addresses. If that person is sick or on leave, your query could get missed or delayed.

Client Web Portal

Our Client Web Portal is continuing to develop with almost a third of our clients now using it to submit claims, track their budget and manage staff. The Client Web Portal makes managing your funding much easier. With a few clicks of your mouse, you can set-up your budget, check your expenditure, manage your support staff and submit claims and timesheets. You can also check where your funding

balance is at, access the forms and documents you need and contact your Coach or the finance team directly. To join the Web Portal go to <https://portal.incharge.org.nz/apply>.
